

FOR IMMEDIATE RELEASE · 3 NOVEMBER 2026

Warwick Holdings IPO extended to *20 November 2026*

Warwick Holdings (Fiji) Ltd (WHF) and Metro Commerce Development (Fiji) Pte Ltd (Metro Commerce) have agreed to extend the closing date of the WHF Initial Public Offering (IPO) from 6 November to close of business on **20 November 2026**.

The extension follows requests from several institutional investors seeking additional time to complete their internal investment approval processes.

As a consequence of the extension, WHF's proposed listing on the South Pacific Stock Exchange (SPX) is now expected to take place within two weeks following the revised offer closing date, subject to completion of the necessary listing arrangements and regulatory requirements. The confirmed listing date will be announced publicly in due course.

About the IPO

The IPO involves the sale by Metro Commerce, WHF's existing shareholder, of up to 47,628,299 ordinary shares in WHF, representing 20% of the Company's issued share capital.

The offer provides institutional and retail investors with an opportunity to acquire an ownership interest in WHF ahead of its proposed listing on the SPX.

All other terms and conditions of the offer remain unchanged, subject to the formal documentation relating to the extension.
